SERVICE FOR SOCIAL COMMUNITY &  
USER GENERATED CONTENT»**

## HOW DOES VRINGO FOR FACEBOOK WORK?

When you receive calls from your facebook friends, you'll see their profile pictures right on your phone. Vringo's free facebook application is a breeze to use. Subscribers simply log into facebook, add the application to their page, register their phone, and match their contacts. It takes less than 5 minutes to set up, and users can instantly begin enjoying Vringo's unique caller ID features. No more boring text-based caller ID to announce friends and contacts. Vringo for facebook lets users actually see who's calling.

## WHY VRINGO?

No other facebook application does what Vringo's can. Using Vringo's patent-pending new technology, facebook subscribers can combine the world's most popular social networking site with their favorite handheld devices. Vringo allows individuals to take the world of telecommunications to the next level by marrying Web 2.0 functionality with mobile technology in a new seamless application.

## VRINGO'S AWARDS & NOMINATIONS

Although Vringo for facebook is relatively new, Vringo itself has collected numerous awards and accolades. Its breakthrough technology has taken both the mobile and social networking worlds by storm.

## WHO IS VRINGO?

Vringo's management team includes seasoned entrepreneurs and Internet veterans who comprehend the nuances of developing powerful mobile products in a world driven by connectivity. With offices in New York, London, and Jerusalem, this privately held telecommunications and technology firm fully appreciates the growing relationship between mobility and access.

Vringo understands that empowering end-users and providing them with peer-to-peer sharing capabilities is what drives the information age. Mobile subscribers want options, and social networkers want mobility. Vringo gives them both with this most recent addition to the facebook line-up.

Full support for Blackberry & Windows Mobile Devices. More phones coming soon.
